

Could you lead us?

Movement Park is seeking to appoint a new Community Officer to lead and guide the charity through an exciting and ambitious phase of growth and to continue the long-term impact through community engagement. Now in its fifth year, Movement Park is well placed to play a meaningful and lasting role within our community as society recovers from the impacts of COVID and beyond. Over the past 12-months Movement Park has built upon its well-laid foundations and learned valuable experiences to build financial sustainability; enhance our facilities; develop our 5-year strategic plan; create a strong, loyal and growing membership-base; review and diversify our programme.

The new Community Officer will work with and support a settled coaching team to deliver the charity's vision: **“to enhance the wellbeing and social engagement of our community through sport and creative activities”**. Since inception, and in particular throughout the past 12-months, Movement Park has experienced considerable growth in participation, reach and impact from our well-known venue-hub in the local community offering a range of activities, including Parkour, Skateboarding, Ninja School, and Basketball as well as many others.

The role of the Community Officer will be a main contact within the local community working alongside the Operations Manager following the new strategic direction of the charity. The Community Officer will scrutinise, review and monitor the management reports of all community projects. The Community Officer shall be committed to and live the values of a community-focused organisation. The Community Officer shall be a representative of Movement Park and be a public face of the charity to external supporters, funders and events.

Application notes

To apply to be a part of Movement Park's future, please send a cover letter and a copy of your CV to Stephen.somerville@movementpark.org.uk before the closing date: 12:00 noon on Friday, 1st March 2022

For further information regarding the post or to arrange a chat with Stephen J Somerville call 07368 665 770
